EMPLOYMENT HISTORY

World Kinect

Specialist II, IT Service Desk Analyst

01/2026 – Present | Miami, FL

- Deliver Tier 2 support for Windows/macOS, Microsoft 365, VPN, Citrix, and enterprise applications.
- Administer identity & access using Active Directory and Azure Entra ID; resolve advanced MFA/SSO and permission issues.
- Troubleshoot escalated device, networking, and application issues while maintaining SLA compliance.
- Create knowledge articles and drive process improvements to reduce repeat incidents.
- Collaborate with global IT teams on complex issues and cross-functional initiatives.
- Perform responsibilities beyond typical Tier 2 scope, including assisting with configuration of specialized executive setups and supporting advanced workflows across multiple regional teams.

World Kinect

Specialist I, IT Service Desk Analyst

02/2025 – 01/2026 | Miami, FL

- Provided multi-platform support for Windows, macOS, iOS, and mobile devices across global regions.
- Managed calls, chats, and Jira tickets with accurate documentation and SLA adherence.
- Delivered white-glove support for executives and leadership.
- Onboarded new hires, handling device provisioning, application setup, and access validation.
- Frequently handled escalations and complex issues typically assigned to higher tiers, contributing to faster resolution times and demonstrating readiness for promotion.

World Kinect

IT Service Desk Analyst

02/2025 – 06/2025 | Miami, FL

- Provided Tier 1 support for hardware, software, email, and user access issues during contract evaluation period.
- Logged, triaged, and escalated tickets requiring deeper investigation.
- Assisted with troubleshooting authentication and Microsoft 365/AD issues.
- Took initiative beyond contract scope by assisting on recurring problem patterns and supporting high-visibility users, contributing to full-time conversion.

DASI LLC

Help Desk Specialist

05/2023 – 01/2025 | Miami, FL

- Provided Tier 1 support for hardware, software, email, and access issues.
- Managed ticket queues and restored connectivity through DNS/SMTP/HTTPS troubleshooting.
- Supported Microsoft 365 access issues and performed password resets.
- Assisted senior technicians with basic FortiGate and network equipment tasks.
